### Spotlight on Business Services

District III is a “one stop shop” for business support services. The District is an excellent starting point for information, financial assistance and business consulting. District III members and partners have made economic development a high priority in the region by supporting a regional revolving loan fund (ABC), small business consulting (SBDC) and technical assistance with government contracting (APEX).

#### Small Business Development Center

The Small Business Center offers free, confidential, professional consulting to support potential and existing businesses in South Dakota. The SBDC assists in developing business plans, preparing financial projections and addressing other issues the small businessperson may face. The SBDC works with businesses at every stage including start-ups, expansions, transitions, and exits.

Please click the link above or contact Sue Stoll or Teresa Kokesh at (605) 665-0751 for more information.

#### APEX Accelerator

The APEX Accelerator Program provides technical expertise to South Dakota businesses interested in bidding on and receiving federal, state, and local government contracts. APEX provides free government contracting assistance from a network of dedicated procurement professionals working to provide the best value in goods and services to government agencies. APEX also helps with free SAM registrations and renewals.

Please click the link above or contact Jen Moser at (605) 664-4950 for more information.

**Planning & Development District III is grateful for our members and partners.  
We wish you a Happy Thanksgiving!**
